an extended in-depth program in Sydney

www.dnadownder.com

WITH **Blaine Bettinger**

Genetic genealogist and author of the best-selling **Guide to DNA testing and genetic genealogy**, Blaine Bettinger will head a roadshow to six Australian capital cities – and an extended, in-depth conference in Sydney in August 2019.

A DNA themed roadshow to Australian cities with an extended / in-depth 3-day conference in Sydney.

One day events

The program in each city (other than Sydney) will generally feature:

- a full day program in two streams in two theatres
 - stream 1 – 7 presentations – plenary sessions and intermediate/advanced presentations
 - stream 2 – 2 to 4 beginner / intermediate presentations during the afternoon
- five presentations in stream 1 will be done by Blaine Bettinger
- other presentations (both streams) will be done by other presenters in each city
- an exhibition by supporting partners / sponsors, societies and DNA interest groups
- prizes and special offers

Sydney

A three stream program over the three days. There will be sufficient difference, variety and choice for those doing other cities to also benefit from doing Sydney (a discount on the full three-day event will be available to those doing another city as well). The program will feature:

- a full day program will offer 40-43 presentations in three streams (three theatres) over the three days
 - stream 1 – two opening general plenary sessions and then four intermediate/advanced presentations
 - stream 2 – intermediate program of at least four presentations from late morning
 - stream 3 – basic/beginners program of three or four presentations from late morning
- most presentations in stream 1 will be done by Blaine Bettinger, but others will contribute. Presentations in other streams will be by a variety of other presenters
- an exhibition by supporting partners / sponsors, societies and DNA interest groups ... and other genealogy service providers
